

BUTTER & BUTTERFATS

EST.  1986

Butter is an excellent choice for adding flavour and richness to cooking, baking and table dinner occasions.

We offer Unsalted Lactic Butter, Salted Sweet Cream Butter and Whey Butter.

1st grade butter comes in 25kg formats.

SALTED/UNSLATED LACATIC/SWEETCREAM BUTTER

Available in: Various size formats, packed specifically for further processing by manufacturers.

SALTED/UNSATLED LACTIC/SWEET CREAM BUTTER

From Irish or UK origin Sweet Cream Butter is made solely from fresh pasteurised cream and lactic butter is similarly made from sweet butter with bacterial cultures and lactic acid added.

BUTTERFAT

Typically, there is a colouring agent (betacarotene) added to give the product a pale yellow, bright orange, or an anything in-between colour.

We can also add in ingredients of your choosing such as salt, sugar and cocoa.

Anhydrous Milk FAT and Butteroil are concentrated Butterfats with a typical fat content of 99.8%. They can be used for cooking, baking and a variety of other applications. We supply in either a 25kg block format or 1mt bins.
